

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

As a Painter (Human) for industrial products, you will be responsible for surface preparation and coating, working with state-of-the-art technology, and ensuring the quality of our products.

- Surface preparation through cleaning, sanding, and priming
- Application of paints and coatings according to technical specifications
- Ensuring quality through visual inspections and measurements
- Maintenance and cleaning of painting equipment
- Compliance with safety and environmental regulations

What we can look forward to

- Completed apprenticeship as a painter, process mechanic for coating technology, or a comparable qualification
- Experience in industrial painting is an advantage
- Careful and precise work ethic
- Team player and reliability

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues
