

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

- Interdisciplinary and practice-oriented work in all areas of intellectual property (IP), in particular holistic handling of matters in the fields of patent, trademark and design law in an international market environment
- Registration and enforcement of patents in Germany and abroad as well as optimal structuring of the patent portfolio
- Shaping IP clauses in contracts with cooperation partners and universities
- Optimization of processes and strategies in patent management for long-term success
- Preparing and conducting searches and participating in freedom-to-operate analyses
- Representing the company's interests vis-à-vis external law firms, partners and third parties

- Versatile tasks in a dynamic environment that requires creative thinking and active participation beyond pure file work

What we can look forward to

- Successfully completed MINT studies, in particular electrical engineering, computer science, engineering or physics
- Preferably completed training as a German Patent Attorney and/or European Patent Attorney or on the way to becoming one
- Comprehensive expertise in the analysis of complex patent law issues, preferably also in other areas of intellectual property law
- Knowledge of international jurisdictions is an advantage
- Strong teamwork skills, assertiveness, communication and negotiation skills
- Fluent in German and English

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
