

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

**"We serve humanity"** is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

## Your mission & challenges

Together, we are taking the step into a new era of cognitive robots:

- You will envision and realize new navigation and manipulation features to meet customer requirements.
- You will take ownership of the software stack.
- You will realize cutting-edge applications with different customers.
- You have the chance to work together with different companies in the industry.
- You have the opportunity to present their work at renowned fairs.
- You will join a dynamic team.

- You will help in shaping the future of service and industrial robots.

## What we can look forward to

- You have an Master of Science degree in Robotics, Software Engineering, Mechatronics or similar
- You have excellent experience in realizing customer-ready robotics applications.
- You have profound knowledge in either mobile robots or robotic manipulators. Preferably in both.
- You are highly skilled in Python or C++, and in Twincat SPS/PLC.
- You are highly self-motivated to solve complex problems independently and systematically, but also to work as part of a cross-functional team. Your communication skills make you shine
- You have a perfect command of the English language and, best of all, speak German well

## What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues
