

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

We are looking for an enthusiastic individual who will energetically support us in the development, organization, and implementation of our operational processes.

- You will assist in the management and optimization of workflows by actively contributing to the planning, organization, and execution of operational processes
- You will participate in the planning and execution of various projects to strengthen our team in operational matters
- You will research and prepare information and data to comprehensively support the operational area
- You will help create meaningful reports, including job descriptions, to promote transparency and understanding

What we can look forward to

- Interest in operational processes and the effective use of technology
- Analytical and conceptual skills that contribute to successfully tackling complex challenges
- Independent and structured work approach to enable efficient planning and implementation
- Excellent knowledge of MS Office, especially Excel, to optimally support our operational processes
- Very good German and English skills, both written and spoken, to ensure smooth communication within the team and beyond

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

[Apply](#)

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
