

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

## Your mission & challenges

At the humanoid robot department, we are looking for multiple excellent humanoid robot developers to join our team. Your tasks will span a wide variety of topics connected to the need for developing 4NE-1, ranging from gearbox and motor design to structure parts and the outer shell of the robot. This includes:

- Design of new powerful and lightweight robotic actuators and structural parts
- Finding innovative materials for robotics
- Design of both the outer shell and appearance of 4NE-1
- · Finding new joint mechanisms

· Technical drawings of parts

## What we can look forward to

- Bachelor, Master's, or PhD degree in Mechanical Engineering or a similar field
- Proficiency in Computer-Aided Design (CAD) Software (ideally Creo)
- Experience in manufacturing of parts, including party made of aluminum and plastics
- Excellent and clear communication with suppliers, including bill of material and technical drawings
- · Experience in the (industrial) design of
  - complex machines
  - · electrical motors and gearboxes
- You have a perfect command of the English language and, best of all, speak German well

## What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

**Apply** 

## We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
