

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

Together, we are taking the step into a new era of cognitive robots:

- Conducting and coordinating product certifications according to national and international standards
- Creation and maintenance of technical documentation for product approvals
- Collaboration with other departments as well as external testing and certification organizations
- Ensuring compliance with legal requirements and standards
- Advising and training colleagues on certification requirements and regulatory topics

What we can look forward to

- Completed degree in engineering, natural sciences, or comparable qualification
- Professional experience in product certification or related areas preferred; open to candidates transitioning into this field (e.g., developers, product managers, testing engineers)
- Strong knowledge of standards and regulations, including ISO 10218-1, ISO-TS 15066, IEC 60204-1, and CE marking under the Machine Directive
- Experience in robotics, artificial intelligence, and/or functional safety is a plus
- Excellent German and English skills to communicate with our multinational colleagues
- Proficient in MS Office and MS Outlook/Teams. Knowledge of Confluence and/or Jira is a plus

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
