

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"**We serve humanity**" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

As a Project Manager in the COO Office (Commercial), you act as commercial and strategic support for the COO and serve as the interface between the COO, CFO, and internal as well as external stakeholders. You ensure that the commercial aspects of our growth and scaling initiatives are managed in a well-founded manner, communicated transparently, and implemented efficiently.

- You support the COO and CFO in all commercial matters by analyzing business cases, profitability, and financial plans, and by preparing decision-relevant data.
- You monitor key KPIs, derive measures to improve performance, and ensure transparent management of budgets, forecasts, and costs across cross-functional projects.
- You prepare content for board meetings, investor updates, and banking presentations, working closely with Finance, Strategy, and the CEO Office to ensure a consistent and reliable

information base.

- In addition, you lead and coordinate commercial sub-projects within the COO Office, develop and evaluate business cases, make-or-buy analyses, and investment decisions, ensuring that operational projects meet commercial requirements.
- You also contribute to the further development of governance structures, prepare financial reports, dashboards, and decision templates, and continuously build out business cases for investments, new products, or internal initiatives.

What we can look forward to

- You have several years of experience in project management with a strong commercial focus, ideally in an industrial environment or in technology-driven companies.
- You possess solid knowledge in finance, controlling, or strategy, for example through work in consulting, finance, corporate development, or COO-related roles.
- You are able to prepare complex commercial matters precisely, clearly, and tailored to the target audience, especially for C-level executives, boards, and investors.
- You demonstrate very strong analytical and structural skills, combined with a pronounced focus on execution.
- You have excellent stakeholder and interface management skills, including collaborating with international partners.
- You bring fluent German and English language skills.

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
