

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

As a Technical Buyer, you will play a key role in procurement and supplier management to ensure that our production is consistently supplied with high-quality electronic components and parts. Your main tasks include:

- Identifying and selecting suitable suppliers, obtaining and comparing offers, as well as conducting price negotiations and contract agreements
- Ensuring on-time delivery and quality control of procured goods
- Building and maintaining long-term business relationships with suppliers, regularly evaluating suppliers for price, quality, and delivery reliability, and developing measures to improve supplier performance

- Monitoring inventory levels and conducting stock analyses, coordinating with production planning to ensure continuous material supply, and implementing and optimizing inventory management strategies
- Analyzing market trends and developments in electronic components, identifying innovation and cost-saving potentials, and conducting benchmarking studies
- Collaborating closely with the development department in the selection and specification of components and parts, participating in project meetings, and supporting the definition of technical requirements
- Ensuring the availability of components for prototypes and series production, as well as supporting the introduction of new products through early involvement in development processes

What we can look forward to

- Several years of professional experience in technical procurement, ideally in the field of electronics
- Strong negotiation skills and assertiveness
- Excellent analytical skills and technical understanding
- Experience in supplier management and procurement of electronic components
- Fluency in German and English, both written and spoken

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues
