

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"**We serve humanity**" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

## Your mission & challenges

At NEURA Robotics, we are shaping the future of cognitive robotics. Our mission is to intelligently connect humans and machines – and to achieve this, we rely not only on strong engineering teams but also on a high-performing procurement organization.

### Your Responsibilities

- Procurement of technical components, services, and indirect materials
- End-to-end handling of the purchasing process (RFQs, purchase orders, order tracking)
- Ensuring timely material availability for production and R&D
- Communication and coordination with national and international suppliers

- Maintenance of master data and documentation within the system
- Support in price negotiations and supplier selection
- Close collaboration with engineering, production, and logistics teams
- Monitoring delivery schedules and managing escalations in case of supply bottlenecks

## What we can look forward to

- Bachelor's degree (e.g., Business Administration, Industrial Engineering) or comparable qualification
- Experience in procurement, ideally in a technical environment
- Strong advantage: solid technical understanding
- Structured, reliable, and self-driven working style
- Strong communication skills and assertiveness
- Confident handling of ERP systems, ideally Microsoft Dynamics 365
- Very good German and good English language skills

## What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues
