

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

Together, we are taking the step into a new era of cognitive robots:

- Design and develop advanced mobile robotics and mobile manipulation systems
- Responsible for realizing applications with different Industrial customers
- Document your work and ensure high standards of quality assurance
- Collaborate in a multidisciplinary, agile team to push the boundaries of robotics
- Actively contribute to the roadmap and future of intelligent robotic systems

What we can look forward to

- University degree in Robotics, Mechatronics, Software Engineering, or a related field

- At least 2 years of experience in mechanical design or software development for robotics or mechatronic systems
- Solid knowledge of mobile robotics or mobile manipulators
- Proficiency in one or more of the following:
Software track: Python, C++, TwinCAT SPS/PLC
Mechanical track: CAD software, PDM systems, FEM simulation tools
- Strong problem-solving skills and the ability to work independently and systematically
- Experience working effectively in cross-functional teams
- Excellent communication skills in English; proficiency in German is a strong advantage

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
