

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

Together, we are taking the step into a new era of cognitive robots:

- Develop and maintain corporate and brand design to ensure a consistent visual identity
- Create and refine logos and brand style guides for cohesive branding for sub-brands, robot brands or spin-offs
- Coordinate the entire design project process internally with the stakeholders
- Provide design direction for team members and ensure alignment with brand guidelines
- Design and optimize website interfaces and new web platform visuals for an engaging user experience

- Design social media content, brochures, one-pagers, and motion graphics to support marketing efforts
- Develop icons, signage, and packaging for company branding and product representation
- Support robotic GUI design through detailed mockups and user interface visuals
- Execute image retouching and graphic production for various marketing materials
- Create graphics for manuals, quick-start guides, and product labels to support user education

What we can look forward to

- Proven experience in corporate and brand design development
- Strong skills in web, UI/UX, and motion design
- Proficiency in graphic design software (Adobe Creative Suite, Figma, Ai tools etc.)
- Experience with iconography, signage, and packaging design
- Ability to work on multi-disciplinary design projects, from digital to print
- Confident presentation skills in both written and spoken English (German a plus)
- Strong collaboration and communication skills for cross-team design alignment

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
