

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

We are dedicated to realizing innovative robotic solutions from conception to market launch. Our focus is on efficiently planning projects, optimizing resources, and collaborating closely with our teams to achieve excellence:

- You coordinate and collaborate with our key cooperation partners and application integrators.
- Are responsible for project planning and achieving objectives, milestones, and deadlines while adhering to project and product costs as well as quality goals.
- Assess and evaluate project risks and derive preventive measures.
- Act as an interface with all project stakeholders as well as with management.
- Rely on and optimize process descriptions.
- Organize international project resources.

What we can look forward to

You are a technology enthusiast, convinced that you can have a positive impact on the world. Your work is characterized by passion and a strong problem-solving mentality. You also possess the following skills:

- Completed degree in engineering or equivalent.
- Relevant experience in leading technical projects.
- Proficient and experienced in using project management methods.
- Aptitude for organization and time management.
- Experience in interdisciplinary team management.
- High degree of independence, teamwork, and enthusiasm for new technologies.
- Methodical thinking and structured approach to complex problems.
- Excellent verbal and written communication skills in German and English.

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
