

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

**"We serve humanity"** is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

## Your mission & challenges

As a Project Buyer (Human), you will play a key role in procurement and supplier management to ensure that our projects are driven with a fast pace and are supported constantly. Your main tasks include:

- Identifying and selecting suitable suppliers, obtaining and comparing offers, as well as conducting price negotiations and contract agreements
- Ensuring on-time delivery and quality control of procured goods
- Building and maintaining long-term business relationships with suppliers, regularly evaluating suppliers for price, quality, and delivery reliability, and developing measures to improve supplier performance

- Coordinating and alignment with our project team to ensure continuous material supply, and adapt quickly to project needs
- Analyzing market trends and developments, identifying innovation and cost-saving potentials, and conducting benchmarking studies
- Participating in project meetings, and supporting the definition of technical requirements
- Ensuring the availability of components for prototypes
- Supporting in setting up and designing processes in the ERP system

## What we can look forward to

- Professional experience in technical procurement, ideally project procurement
- High negotiation skills and assertiveness
- Ability to moderate and interact with various stakeholders
- Analytical skills and technical understanding
- Passion and drive to move projects to the next level
- Fluency in German and English, both written and spoken
- Ideally in-depth know-how in the field of ERP systems and process design

## What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

**Apply**

**We are looking forward to meeting you and shaping the future of robotics together. Are you in?**

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
