

## Robotics Rockstars Wanted!

**Welcome to NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of NEURA laying the foundations for humans and robots to work hand in hand. "We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us. Welcome to NEURA Robotics - where innovation meets team spirit.

# Logistics Team Lead (human)

## Robotics Rockstars Wanted!

**Welcome to NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

**"We serve humanity"** is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

### **Your mission & challenges:**

As a Head or Team Leader in Logistics, you are responsible for the efficient management and optimization of all logistics processes. You lead your team competently and play a key role in ensuring smooth operations for the movement of goods. With your organizational skills and understanding of warehouse and logistics processes, you ensure that all goods are processed on time and accurately.

- Disciplinary and professional leadership of the logistics team, including workforce planning and staff development
- Responsible for conducting inventory checks, ensuring accurate stock management, and adherence to quality standards and safety regulations
- Setting up and maintaining booking and transaction processes in the ERP system
- Close collaboration with purchasing, production, and sales to ensure smooth operational processes
- Responsibility for all internal material flows – from goods receipt to dispatch
- Participation in the development and optimization of packaging and handling concepts
- Involvement in the automation of logistics as part of our Smart Factory initiatives
- Implementation of new logistics strategies and technologies to increase efficiency

### **What we can look forward to:**

- Completed degree in Logistics, Supply Chain Management, Business Administration, or a comparable field
- Several years of professional experience in logistics within an industrial company
- At least 3 years of leadership experience, with the ability to motivate and manage a team effectively
- Solid knowledge and hands-on experience with ERP systems
- Experience in customs clearance and handling international shipping processes
- Strong analytical skills and pronounced problem-solving abilities

- Business-fluent German and English skills

**What you can look forward to:**

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

**We are looking forward to meeting you and shaping the future of robotics together. Are you in?**
