

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

More than just an internship awaits you in the exciting world of robotics. Here you are not just a spectator, but a shaper of our success story. As an intern in the CEO department, you will be part of a dynamic team that drives innovation and helps shape the future of technology.

- You will manage your daily tasks with a keen eye for figures and analytical details
- You will also coordinate and plan small projects and support the preparation of meetings and regular board meetings
- Your close cooperation with various specialist departments and management enables you to carry out critical project tasks and oversee special topics
- You are happy to take responsibility for conducting specific market research and prepare information for slide decks and presentations in a professional manner

What we can look forward to

- You are an ambitious student of economics, industrial engineering or a comparable course of study and are ready to develop yourself in a start-up or tech environment
- Ideally, you are available for approx. 6 months to support us and gain valuable experience
- With your excellent communication skills in German and English, you will help our team every day. You have the ability to work efficiently and reliably both independently and as part of a team
- Your skills in MS Office, especially PowerPoint and Excel, are second to none and your analytical skills will take us to the next level

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

[Apply](#)

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
