

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

You understand brand worlds and audiences well, bringing strong creativity and presenting original ideas convincingly. You naturally consider storytelling, viewer value, and inspire others with a vision that factors in feasibility and challenges.

- Lead the development and execution of high-quality creative content across multiple platforms (digital, video, social media, etc.), ensuring NEURA's brand consistency and audience engagement
- Manage project timelines, resources, and budgets to ensure timely delivery of creative projects, balancing multiple priorities effectively
- Collaborate closely with the Creative Content, Design, and Marketing Teams to conceptualize and develop original campaigns that support NEURA's strategic goals

- Manage and oversee all NEURA brand, design and creative content projects from small-scale in-house productions to high-budget commercial shoots, encompassing all stages of pre- and post-production, ensuring quality standards are met
- Coordinate on design-driven ideas for company branding, promotional campaigns, pitches and marketing communications with internal but also with external partners such as suppliers, media companies, agencies, and freelancers
- Create briefings, visual concepts, workflows, and aesthetic guidelines for suppliers aligning with the NEURA brand requirements
- Scout, suggest, and hire supplying partners, including freelancers, agencies, and production companies - ensuring they meet NEURA's standards and budget constraints
- Design and pitch creative solutions, shape the creative vision, and communicate ideas and concepts to team members and superiors
- Analyse performance metrics of creative content, reporting on effectiveness and making data-driven recommendations for future improvements
- Manage a growing asset library by indexing and tagging content in an organized and accessible manner

What we can look forward to

You are solution-oriented, proactive, and decisive in pushing the content creation forward.

- Proven experience in creative production, content development, or a similar role within a fast-paced, creative team environment
- Strong project management skills, with experience in scheduling, budgeting, and resource allocation for creative projects
- Excellent storytelling abilities with a keen eye for design and a strong understanding of brand identity and voice
- Proficiency in creative production tools and software (e.g., Adobe Creative Suite, Final Cut Pro, or similar editing and design tools)
- Familiarity with content strategy and experience working across social media, digital platforms, and multimedia channels
- Ability to multitask, adapt quickly to changing priorities, and work effectively under tight deadlines
- Excellent communication and interpersonal skills, with experience collaborating across departments and presenting creative concepts to stakeholders
- Strong analytical skills, with the ability to interpret performance data and translate it into actionable insights
- A passion for creativity, innovation, and a deep understanding of current media and technology trends

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
