

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

We are looking for a motivated and talented AI Application Intern to join our team. This internship will provide hands-on experience in the application of artificial intelligence to robotics, with a focus on areas such as:

- Deep Learning: Implement and train neural network models for tasks like perception, object recognition, and decision-making.
- Robot Manipulation: Develop AI-driven control strategies for robotic arms and grippers.
- Vision Engineering: Create and optimize computer vision algorithms for real-time applications.
- Reinforcement Learning: Design and train agents to learn and adapt in dynamic environments.

What we can look forward to

- Currently pursuing or recently completed a degree in Computer Science, Robotics, Electrical Engineering, or a related field.
- Proficiency in programming languages such as Python or C++.
- Familiarity with AI frameworks and libraries (e.g., TensorFlow, PyTorch, OpenAI Gym).
- Understanding of machine learning concepts and techniques.
- Strong problem-solving and analytical skills.
- Your communication skills make you shine
- You have a perfect command of the English language and, best of all, speak German well

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
