

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

Would you like to gain practical experience in an innovative technology company and actively contribute to the optimization of supply chain processes? Then become part of our team at NEURA Robotics.

Your main tasks include:

- Creation, analysis, and further development of KPIs to manage our supply chain and production processes
- Development of dashboards and reports using Power BI to support data-driven decision-making
- Support in operational and strategic projects within Supply Chain Management and production
- Participation in the design and further development of our shopfloor management
- Analysis of processes and identification of optimization potential

What we can look forward to

- Currently studying industrial engineering, supply chain management, business administration, or a comparable field
- Strong knowledge of Power BI and a solid understanding of data analysis and KPI systems
- Sound IT skills (e.g., Excel, databases, ideally initial experience with ERP systems such as Microsoft Dynamics)
- Analytical thinking skills as well as a structured and independent way of working
- Interest in production, supply chain, and technological innovations
- Good command of German and English

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues
