

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"**We serve humanity**" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

Together, we are taking the step into a new era of cognitive robots:

- Analyse, assess, and implement requirements arising from IT Regulations for our products (e.g. Cyber Resilience Act (CRA), EU Data Act, and NIS2 Directive,...)
- Lead compliance projects, working in close partnership with internal departments (like IT, R&D, and Legal) as well as external stakeholders (such as certification bodies)
- Monitor current and upcoming regulatory developments in IT Regulations, including relevant standards and regulations from key economic regions
- Prepare policies, processes, and documentation to ensure compliance with all relevant regulatory requirements

- Conduct internal training and awareness initiatives
- Support audits, certifications, and external inquiries related to compliance topics

What we can look forward to

- University degree in Computer Science, Engineering, Law, IT Security, or a comparable field
- Solid knowledge in cybersecurity, data protection, and/or IT compliance (ideally with experience in CRA, Data Act, NIS2, or related regulations)
- Experience with standards including IEC 62443 series, ISO/IEC 27000 series, IEC TS 63074, IEC TR 63069, and ISO/TR 22100-4 is highly desirable
- Professional experience in a regulated environment, preferably in technology, robotics, or manufacturing
- Analytical thinking skills, structured approach, and experience in project management
- Excellent communication skills and confidence in dealing with diverse stakeholders
- Fluent in written and spoken English. German is a plus.

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

[Apply](#)

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
