

Welcome to **NEURA Robotics**, the innovator of the robotics world. Our goal is to equip collaborative robots with groundbreaking cognitive capabilities to enable safe and intuitive collaboration with humans. Under the leadership of founder David Reger, we have spent the first years of **NEURA Robotics** laying the foundations for humans and robots to work hand in hand.

"We serve humanity" is not just a motto, but our mission. Become part of our ambitious, international company and shape the future of robotics with us.

Welcome to **NEURA Robotics** - where innovation meets team spirit.

Your mission & challenges

As a Production Planner, you will be responsible for the scheduling and detailed timing of production orders to ensure optimal production and on-time deliveries.

Your main responsibilities include:

- Detailed control and fine scheduling of production orders to ensure optimal production processes
- Planning, loading, and monitoring of production orders while considering capacity and material availability
- Close collaboration with Industrial Engineering for continuous optimization of production processes
- Coordination between the production, purchasing, and logistics departments to ensure smooth production
- Monitoring of capacity utilization and early identification and resolution of bottlenecks

- Creation, maintenance, and adjustment of production plans to ensure on-time deliveries
- Analysis and continuous improvement of planning processes to increase efficiency

What we can look forward to

- Completed technical or commercial training with further education in production planning or a comparable qualification
- Experience in industrial production control and production planning
- Knowledge of ERP and MES systems
- Analytical and structured working style
- Strong communication skills and ability to work in a team

What you can look forward to

- Become part of an agile company, actively shape topics and benefit from flat hierarchies in a highly motivated team
- Enjoy an attractive salary, flexible working hours and 30 days of vacation
- The freedom to contribute your own ideas and drive them forward
- Celebrate successes together with company events
- Take advantage of our corporate benefits program
- And even more fun with great colleagues

Apply

We are looking forward to meeting you and shaping the future of robotics together. Are you in?

Couldn't find a suitable position? Please send us an unsolicited application.

We are always looking for passionate tech enthusiasts to help us revolutionize the world of robotics!
